

Project Update 2

Sweet Harvest Run

Caitlyn: Story writer and programmer

Isabella: Artist and programmer

Concept

The player takes on the role of a scarecrow who is trying to make his way through a corn maze. His goal is to collect a certain amount of candy corn and reach the end of the maze in a certain amount of time.

Since Progress Update 1..

- Added backgrounds for home, rules, and level one pages
- Added artwork for the start, rules, and back buttons
- Candy corn and counter
- Closed -> Open door
- Hay bales and jumping mechanism
- Changed camera perspective to follow the scarecrow
- Tutorial scene before level 1 and level 2
- Final page scene with button to take the user to home page
- Background music and music for collecting candy corn & door opening
- Added a timer and a menu when the time runs out

Demo

What's Left?

- Fixing little things (ex. time it takes to visually collect candy corn)
- Duplication for more levels

Timeline:

Week 1: Finish adding little details and duplicate scenes

Week 2: Run final testing/fix any bugs

Conclusion

Major Challenges:

- Implementing the animation

Playtesting Insights:

- Changed the POV
- Added music
- Added a tutorial scene
